

RE: INVITATION TO RIVLIFE DONORS NETWORK

On behalf of the Rivlife Community Centre, I would like to extend blessed New Year Greetings to you and your family. May 2020 be a year characteristic of peace, prosperity and good health for you.

Thank you for your support and selfless contribution throughout 2019 as we endeavoured to bring holistic upliftment to the Ward 34 and 38 communities in Pietermaritzburg. In 2019, Rivlife was able to significantly impact and improve the physical, economic, social and spiritual wellbeing of countless individuals and families.

Due to the ever-changing economic climate, Rivlife requires the financial support of individuals and organisations who recognise the need for social development. For this reason, we encourage you, to partner with us by signing onto our monthly debit order, and becoming directly involved in our programmes. From as little as **R5.00** a day you and your family will become part of the Rivlife Donors Network and significantly improve the lives of the community.

As we herald in the New Year, we are convinced that greater work can be done to radically effect change in our community and we trust that you will partner with us in our meaningful programmes and initiatives.

Yours Faithfully

Rivlife Community Centre
